"You can get horses ready for battle, but it is the Lord who gives you victory"

- Proverbs 21:31

On the 29th of April, the Music Department held the Religious Musical Concert performed by the Tiny Trebles, Handbell Choir, Glee Club, Violin Ensemble and the RAIS Orchestra, showcasing and sharing the unique God-given talents of our dear and beloved students and teachers.

In the first part of the program, we heard the magical sound of the Handbell Choir and were amazed by the sweet sounding Glee Choir. What followed was a powerful and heartwarming sermonette by Dr. Wann Fanwar.

The second part of the program started with the Tiny Trebles, who performed dynamic songs, then the Violin Ensemble which played melodiously, and the RAIS orchestra captivated the audience with its harmonious sound.

"When You Believe," the **grand tutti** (a passage or section performed by all the performers) was indeed a grandiose ending for the concert themed "Believe."

The Music Department would like to thank all the performers for sharing their God given talents, the RAIS administration and staff for their endless support, and our heavenly Father for the gift of music.

To God be the Glory!

U9 – 4th Place

U11 – 5th Place

U13 – Champion

U15 – Champion

Open Category – 2nd Place

RAIS Students won Gold and Bronze Medals in the Math Competition

Kudos to Alvin Wu Jun Jie Ng and Kittitad Ittiphurit (Tang-tang), Grade 5B students, for winning gold and bronze medals respectively from the recent Mangahigh East Asia Superstars of Math competition.

Mangahigh is one of the world's first games-based-learning sites, where students learn Mathematics via purpose-built casual games that balance fun and learning. They also set mathematics competitions with schools from around the world. Competitions like this really motivate students to unleash their math potentials and skills.
