## ***Welcome Message from the Chairman***

It is with great pleasure, I welcome students, parents, faculty, and the staff of Ramkhamhaeng Advent International School as we begin the 22<sup>nd</sup> academic year (2021-2022). We are grateful to our God for His guidance and continuous blessings for the success thus far achieved. We support the individual wellbeing of all students and provide a school environment that allows every student to thrive as they work towards achieving their personal best performance. It is my desire, and I am committed to ensure that each student is given every opportunity to experience exceptional learning opportunities to excel in their God given potentials.

The current school year begins with online teaching and learning. To enhance student learning the school has purchased online resources relating to various subjects. Our students are exposed to digital learning, using various platforms such as Google Classroom, Zoom, Microsoft Teams, Nearpod, and many more. The teachers have made virtual lesson plans based on the subjects they are teaching in order to provide continuous support while students are on online learning. Though we have begun the year with online teaching, we hope that onsite teaching will be a reality, soon.

The middle school and high school classrooms were made a Wi-fi Zone. When students physically meet in their classrooms, they will be able to use their laptops, tablets and smartphones in having access to information pertaining to their studies.

A Child Protection Seminar was held during Teacher Orientation 2021, and it helps the teachers to understand the children better and help them in their needs.

All teachers, staff and administrators had one full day session with a group of lawyers, learning about the Personal Data Protection Act which is very useful in keeping and treating all our documents and data in the proper manner.

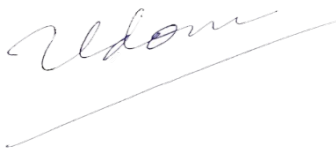

Together, we can make a positive difference. A strong partnership between home and school fosters greater success for our children. I look forward to see that all families feel welcome and connected to our RAIS family for the success and growth of every student.

I am grateful to my fellow administrators, faculty, and staff for their commitment and dedication in carrying out their responsibilities for the success of RAIS. New Normal Procedure with safety measures will be followed as recommended by the Ministry of Health. It is our priority and concern to see the safety of our students, parents, teachers, and staff.

I am looking to another incredible and productive school year, enhancing learning for every student in a nurturing environment.

We will continue to trust in God and lay our plans in the hands of God, who is our Creator and Sustainer.

May God continue to bless us all.

Udom Srikureja  
Chairman, RAIS Board of Management
